

FULFILLMENT SOLUTIONS

FULFILLMENT OPERATIONS ARE FACED WITH HIGHER EXPECTATIONS THAN EVER BEFORE.

Customers expect faster delivery, damage free shipments, effortless returns and zero freight cost.

Yet fulfillment operations are faced with rising shipping costs coupled with the complexity of optimizing operations, adapting for peak seasons, supporting brand image and providing a safe environment for workers.

Needless to say, satisfying customers while balancing merchandising demands and profitability goals is a challenge. The good news is that Pregis protective packaging solutions can help.

Pregis is focused on identifying and solving each customer's unique protective packaging needs. That means the right solution for the right application. Air, paper, foam systems and a variety of material choices second to none.

It's a consultative approach to using the world's best packaging systems, tailored to the specific needs of your operation.

Customer focused solutions built on speed, reliability & innovation.

IDENTIFY. SOLVE. SATISFY.

AirSpeed® 5000 ●●

High Speed Void Fill System

- Fast! Runs at 75' per minute.
- Quick to load and easy to operate.
- Multiple sizes and grades of market leading film.
- Wider, true width film saves money.

AirSpeed Smart™ ●●

Compact Void Fill System

- Small, flexible footprint.
- Simple start/stop operation.
- Perfect for small or decentralized work stations.
- Reliable with minimal wear items

AirSpeed HC Versa™ Hybrid Cushioning System ●●●

- Fast! Runs at 75' per minute.
- Excellent film clarity and proprietary pattern.
- No material wasted at perforation.
- Multiple film choices, sizes and cushion heights.
- High yield configurations provide reduced material consumption.

AirSpeed Inflation Void Fill and Cushioning Films ●●●●

- AirSpeed void fill and cushioning films are recyclable as category #4 (where accepted)
- Renew™ brand films contain recycled content
- HC Renew™ film also contains bio-additive to accelerate breakdown.

FULFILLMENT SOLUTIONS

System Accessories and Custom Set-ups

Pregis designs and installs customized ergonomic delivery systems for maximum operational efficiency.

GeoSpeed® Quantum™ Paper Packaging System ●●●

- Intuitive design, simple controls, ergonomically adjustable, easy loading.
- Reliable, patented design minimizes paper jams, optimizes productivity.
- Fast! Industry leading 150" per second.
- Lightweight, compact and easy to move for portability. Floor stand or table mount.
- Quantum XF includes power tear assist and feed to length feature.

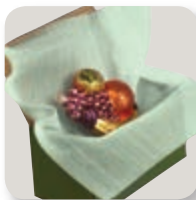

Intellipack® SmartBagger® Foam-in-Place System ●●

- Cellular telemetry - Proactive, preventative maintenance/remote monitoring.
- Bar-coding - Dispense the optimal amount of foam packaging.
- Ergonomic equipment design for ease of use and operator convenience.
- Multiple system options meet small, medium and large application needs.
- Optimal protection for heavy weight, high value and difficult to package items.

Surface Guard® Cohesive and Automated Packaging System ●●

- Increase packaging throughput (up to 2100/hr)
- Create variable sized packages
- Product to Package Cube utilization creating the most efficient package
- Easily customize packaging.
- Creates tamper evident packages.

Microfoam® Polypropylene Sheet Foam ●●●●

- High coefficient of friction. Provides superior surface protection.
- Low density, lightweight.
- Ergonomic & freight advantages versus polyethylene sheet foam.
- Photodegradable; recyclable as category 5.
- Available in White or Green.

● SUSTAINABILITY ● CONTAINMENT ● SURFACE PROTECTION ● CUSHIONING ● VOID FILL ● BLOCK AND BRACE
