

Packmaster™ multi ply paper packaging system

Easypack® by Pregis

Easypack® by Pregis paper packaging solutions can help you protect against damage, deliver an eco-friendly, cost effective package to your customers while increasing the productivity of your packaging operation.

- Consistent padded paper quality creates a positive customer experience
- Reliable equipment is low maintenance or 'bullet proof' to maximize uptime (no jamming!)
- Simple to load and use. Just load & go in 30 seconds or less to maximize productivity
- Safe for employees. Full safety lockouts means zero injuries. Waist high roll loading for improved worker ergonomics
- Sustainability: green protection for your goods – 100% recycled, recyclable and biodegradable paper

The Packmaster™ system is the ultimate multi ply paper packaging system. Packmaster produces lightweight but extremely strong paper cushions that keep your goods securely in place and fully protected while in transit. It is the perfect all around solution that can mold to the shape of just about any product from fragile glassware to heavy industrial products.

Packmaster™ paper system

- Ultimate protection for your goods
- Perfect for shipping **heavy or valuable items in medium to large shipping boxes**
- Converts paper up to 80 times its original volume
- High speed paper conversion for fast moving operations
- Automatic, semi-automatic or foot pedal operation
- Horizontal, vertical or custom configuration. Adjustable height/tilt
