

SURFACE PROTECTION FILM APPLICATION GUIDE

SURFACE GUARD[®]
POLYMASK

TEMPORARY PROTECTIVE FILMS

SG PolyMask manufactures a complete line of surface protection films designed to protect critical surfaces from marks, scratches and abrasions. Surface Guard® PolyMask Protective Films are coated with custom-formulated, pressure-sensitive, clean-peel adhesives. They are designed to adhere to and protect critical surfaces during fabrication, assembly, shipment and storage. SG PolyMask has the knowledge and expertise to create the right protective film solution for virtually any surface.
