CENTERFOLD LAMINATIONS

LAMINATED SHEET FOAM CAPABILITIES

VALUE PROPOSITION

Pregis Centerfold Laminations form a large bag to offer customers a cost effective, strong, resilient cushioning alternative that provides superior protection for any type of packaging, moving, or storing opportunity. The ability to combine Furniture Guard® polyethylene foam with film creates Furniture Guard Plus®, a virtually tear proof film that addresses the needs of various applications from "shrink-wrap" to "stand alone" systems. Not only do they provide outstanding packaging protection, Pregis Furniture Guard and Furniture Guard Plus are lightweight and recyclable, helping to lessen the environmental impact.

Features and benefits:	Results:
Superior corner, edge and surface protection	Resists scratching marring and abrasion
Availability of PE film inner liner	Easy to use
Optional 4-6 inch viewing strip	Easy product identification
Waterproof	Extra protection
Can be sealed easily with heat sealing equipment for bagging opportunities	Variety of uses and superior seam strength
Available in center-folded roll widths from 36" CF to 76" CF plus a range of thickness from 1/16" to 1/8"	Flexibility, efficiency and availability reduces material and labor costs
100% recyclable (where available) 	Lessens environmental impact

CENTERFOLD LAMINATED FOAM

Product	Pack	Product Description	Roll Length	Standard Put -Up	TL's
FG100	SP	FGH / 1 mil cast	400'	53" CF	102

THINK SUSTAINABILITY, THINK PREGIS™

At Pregis, our goal is to provide customers with a deep breadth of high quality, superior protective packaging solutions while remaining on the forefront of R&D and technology that will continually bring new, innovative protective packaging offerings to the marketplace. We are committed to incorporating and promoting business practices that respect both the earth and the environment.

ASTRO-CELL® 3RD WEB AIR CUSHIONING CAPABILITIES

VALUE PROPOSITION

Pregis 3rd web bubble offers customers another strong, cost effective packaging alternative for any type of packaging need. The 3rd web alternative allows Pregis to provide an extra layer of material strength on the outside of the bubble for an economical protective packaging solution. This offers customers an excellent surface protection and superior resistance to tears and punctures while providing increased visibility.

Markets & Applications

- Automotive
- Building & Construction
- Electronics
- Furniture
- Moving & Storage

Features and benefits:	Results:
LLDPE resins	Superior puncture resistance, greater elongation and tensile strength
